

## Dialect Fastpris Business Sverige

### 1. Definitioner

**Kund:** Kund som använder Tjänsten.

**Tjänst:** De tjänster som Dialect erbjuder Kund.

### 2. Villkor

Prisplanen gäller för Kund som tecknar fastprisavtal under perioden. Fastprisvillkoren gäller Dialect Unified i grundutförande.

Prisplanen ger fria samtal till fasta och mobila nummer i Sverige och nedan nämnda länder.

Prisplanen gäller för samtal som passerar ut genom växeln. Samtal som ej passerar växeln omfattas ej av dessa prisplaner. Samtalstyper enligt nedanstående specifikation omfattas av prisplanen.

Prisplanen gäller för användning för Kunds egen rörelse. Prisplanen gäller inte för Kund som bedriver call center verksamhet eller annan extern försäljning av telefonitjänster, liksom inte heller för verksamhet som på ett onormalt sätt utnyttjar denna prisplan.

Dialect äger rätt att genomföra justeringar av prisplanen.

### 3. Otillåten användning

Dialect äger rätt att begränsa Kunds nyttjande av tjänsten eller att stänga av anknytningar som uppvisar ett onormalt ringmönster som tyder på att användning skett utöver ovan angivna villkor för fastpris. Det normala ringmönstret definieras utifrån snittförbrukningen hos Dialects kunder.

Dialect äger också rätt att med omedelbar verkan stänga av Kund från fortsatt användning av Tjänst för den händelse denna används för verksamhet som enligt Dialect skäligen grundade mening bedrivs på ett olagligt, anstötligt eller oseriöst sätt eller om det är förenat med risk för Dialect eller tredje man att Kund fortsätter använda Tjänst.

### 4. Specifikation

Nedanstående paragraf beskriver vilka samtalstyper och länder som är inkluderade i prisplanen. För ej omnämnda samtalstyper och destinationer debiteras enligt ordinarie trafikpriser.

#### Samtalstyper

Prisplanen gäller för samtal till fasta och mobila nummer inom Sverige.

#### Sverige

För trafikdelen debiteras som för ett samtal till ett nationellt geografiskt nummer.

<sup>1)</sup> Pre-rated: prissättnings sker enligt vid var tid gällande pris från tjänstetillhandahållaren och det faktiska priset för tjänsten (innehållsdelen) framgår av CDR:en. Där för publicerar TDC ingen prislista för de nummer som markerats som Pre-rated.

För samtal som vidarekopplas skapas ytterligare en CDR för det vidarekopplade samtalet och som skickas i flödet för pre-rated CDR:er. Denna CDR debiteras av TDC enligt gällande prislista för den aktuella destinationen men är dock inte prissatt (pre-rated).
